

Jules Clerc

Full-Stack Developer

As a highly skilled and motivated full stack developer with over 4 years of experience in the industry, I am confident in my ability to deliver top-quality software solutions. My expertise lies in developing web and mobile applications using a range of technologies, including C++, JavaScript, and React. I am a problem-solver at heart, and thrive in fast-paced, dynamic environments where I can utilize my technical skills to drive projects to successful completion. I am always looking for new challenges and opportunities to expand my knowledge and skills, and I am excited to bring my passion and expertise to your team.
